Education: Princeton University, Class of 2017 Computer Science GPA: 3.71 Princeton, NJ
A.B. Computer Science & Public Policy (Expected) Cumulative GPA: 3.68

Kent Denver School, Class of 2013 Unweighted GPA 4.0 Denver, CO
SAT scores: 800 Math, 800 Writing, 800 Math Subject Test

Tech Experience: Google, Associate Product Manager Intern (Summer 2016, Mountain View, CA)
On the Chrome operating system user interface team I developed and launched an intuitive experience for ChromeOS desktop shortcuts and spearheaded a second factor security feature for Chromebook. I ran several team meetings, collaborated with engineering/design and triaged almost 1000 coding bugs.

Federal Trade Commission, Cybersecurity Intern (Summer 2015, Washington, DC)
Working in the Office of Tech & Research I analyzed network traffic between applications, servers and advertising companies searching for consumer data, privacy and security breaches. I also worked directly with FTC Commissioner Terrell McSweeney to create a consumer-friendly guide for privacy self-detection and self-protection.

Wolfram Alpha, Consultant (June 2015 - Present, Telecommuting)
I create applications with their new coding language and consult for their PR, financial and development teams with a goal to integrate the company into the national university hackathon scene.

Reactful (a digital body language startup), Project Manager Intern (June-July 2014, Tel Aviv, Israel)

iDTech Coding Camp at Stanford University, Instructor (August 2014, Palo Alto, CA)

Leadership & Activities: IgniteSTEM, Founder and CEO (2015-Present)
Conceived and created a series of national conferences for K12 public school principals to learn new approaches for project based learning like hackathons and maker spaces. Raised \$30k+ and on track to serve 1,200 schools next year. Managing 15 people and heading all logistics, funding, marketing and tech support. See ignitestem.org

Princeton Entrepreneurship Club, VP HackPrinceton; Director E-academy, Community (2014-2015)
Responsible for Hackathon event management and operations for 600+ participants from 25 universities. Created E-academy to help spread entrepreneurship to younger students and underserved populations.

Class of 2017 "Largest Study Break Ever", Creator (2014, 2015)
Organized semi-annual 300-student event during exams to relieve stress at a local trampoline park (Budget: \$6,500)

Princeton Rugby Team: Flanker; Treasurer (2014, 2015); Team Social Chairman (2013, 2014)

Princeton Cottage Club, Tech Chair; Community Service Chair (2015-Present)

Skills & Projects:

- Python, Linux, React, Java, HTML/CSS, Wolfram Language and familiar with Javascript, C, Assembly, Swift, Ajax.
- Graphic Design. Proficient with Illustrator, InDesign, and Photoshop. Worked at an architecture firm and founded a graphic design t-shirt business.
- Wrote a Unix Shell and Dynamic Memory Manager in C and fullstack MERN React app.
- See Github at <https://github.com/MaxGreenwald/> for a few of my public apps/webapps.

Awards & Selections: TechCrunch, Cybersecurity Reporter/Contributor (2015-Present)
Sourced and wrote 2 privacy & security articles on keeping consumers safe from companies unfairly using their data.

Princeton Silicon Valley Tiger Trek, Leader (2016); & Participant (2014)
Selected as 1 of 20 students (out of 220 applicants) as ambassadors to meet with top 20 Bay Area CEOs, now leading.

Awards & Selections:

Kleiner Perkins Caufield Byers Engineering Fellows Finalist (2015)

Selected as a top engineering candidate to work for one of the KPCB portfolio companies.

HackCon Speaker (2015)

Selected as a student speaker at the national conference for Hackathon organizers.

Documentary Film Awards (2011-2012)

Winner of 7 international film awards for 2 documentary short films I produced, directed, and edited.

Fun Facts:

- Founded and directed Princeton's Guinness Book World Record for "Most People Howling Simultaneously" (2016 Publication)
- Built a barn in rural NH with Grammy award-winning documentary filmmaker Ken Burns (during film internship summer 2012)
- Lived in Barcelona Spain (2007-08); fluent in Spanish
- Rubix cube solver (90 seconds); Aspiring Juggler (4 balls is tough!); half-marathon runner (legs still sore); expert skier (raised in Colorado - what do you expect?)
